Estate Account Opening for Indian Day School Settlement Cheques for Deceased Claimants

May 13, 2021

According to estimates, there are approximately 1000 individuals in Kahnawake applying on behalf of deceased community members for the Indian Day School Settlement cheques. In order to cash these cheques, an estate account needs to be opened.

Due to the overwhelming demand for estate accounts, members can anticipate longer than normal delays when booking an appointment for an account opening. We will diligently seek to minimize to the best of our ability the effects of these delays to our members.

Thank you for your patience and understanding. We appreciate your support more than ever at this time.
