

# November 17, 2020 – Update: Level Assessment Letters

Some Claimants may be receiving a letter from the Claims Administrator about their Claim Form level assessment. These level assessment letters may indicate the narrative submitted demonstrates either a higher level or lower level when assessed against the Claim Form harms grid.

For those that have been assessed at a lower level, it's important to know that this decision is not final. Claimants have 120 days from the time they receive the Claims Administrator's notice to request a reconsideration of the assessed level. If you would like to request a reconsideration of a lower level assessment, it is highly recommended to reach out to Class Counsel for assistance at **1-844-539-3815**.
