**(Kahnawake – 28, Ohiarí:ha/June 2010)** The Mohawk Council of Kahnawà:ke would like to inform the community that a firm contracted by the Ministère de Transport du Québec (MTQ) is conducting testing around two culverts on Route 207 today (June 28<sup>th</sup>) and tomorrow (June 29<sup>th</sup>) in order to draw up plans for the replacement of the two culverts, which will take place at the end of summer or early fall.

One lane of the roadway will be closed in the area where the testing will occur. Proper signage will be installed to minimize the impact on traffic. No testing is planned on private properties. Please note that the work may be postponed due to rain.
