PUBLIC SERVICE ANNOUNCEMENT

Eastend Waterlooping Phase 1 begins

(Kahnawake – 30, Ohiarikhó:wa/July 2010) The Technical Services Department of the Mohawk Council of Kahnawà:ke would like to inform all Kahnawa'kehrón:non that the Eastend Waterlooping Phase 1 project is underway and will continue to the end of **November 2010**.

The Capital Construction Crews will be installing a 12 inch water main from Matty's Park to the SLS-13 Residential Development (Clay Mountains). The water main will allow for looping of the water network and will enhance the demand for emergencies and fire fighting. (See map below)

Throughout the installation, residents in the area may be inconvenienced with temporary loss of water, dust and noise from trucks and equipment, detours and temporary road closures. Residents will be notified at least one day prior to having the water turned off and proper road signalization will be installed to warn of the construction limits. The community will also be notified when a road closure is scheduled.

Your patience and cooperation throughout this project is greatly appreciated. Please contact the Technical Services Office at 450-635-1016 if further information or special requests are needed.

SUGGESTED INSTRUCTIONS FOR MEDIA

Please run at your discretion until at least 4, Seskéha / August.

For further information on this release, contact Justus Polson-Lahache at 450-632-7500, ext. 2267
