Multi-dwelling area Water & Sewer Line replacement

(Kahnawake – 4, Seskéha/August 2023) The Capital Unit of the Mohawk Council of Kahnawà:ke would like to inform the community of the upcoming project to replace the water and sanitary sewer lines in the Multi-dwelling area, scheduled to start on Monday, August 7, 2023, and continue until December of 2023.

Shown below is a map of the general area. The shaded area indicates where the work will take place.

Upon completion of the works, the road will be resurfaced with new asphalt.

Proper road signalization to warn of the construction limits and safety barriers will be installed. Residents in the area may be inconvenienced with temporary loss of water, dust and noise from trucks and equipment, detours, and temporary road closures. The community will also be notified when a road closure is scheduled.

All private properties that are affected by the work (e.g., driveways, walkways, hedges and/or fences) will be repaired or replaced prior to the completion of the project.

Your patience throughout this project is greatly appreciated. Please contact the Technical Services Office at **450-635-1016** if further information is required.
