Task Force and Testing Site Phone Lines

For immediate release

(Kahnawake – 29, Seskehkó:wa/September 2020) The Kahnawà:ke COVID-19 Task Force and the Kateri Memorial Hospital Centre (KMHC) would like to remind the community that the phone lines for both the Task Force and for the KMHC COVID-19 Testing Site are for non-medical information and scheduling of testing appointments respectively.

The phone lines for the Task Force are for non-medical COVID-19 related issues for the community at large, such as the directives currently in place.

The KMHC COVID-19 Testing Site phone lines are for assessment over the phone on whether a community member needs to be tested or not. Any specific medical questions about symptoms or other health-related issues should be directed to a nurse or a physician. KMHC asks that if you have any medical questions while calling for a testing appointment to please ask to speak with a nurse after the assessment is complete. KMHC will do its best to transfer the call immediately afterward or schedule a follow-up callback.
