Recycling Collection Truck out of Commission

(Kahnawake – 25, Kenténha/October 2021)

The Waste Management Department of the Mohawk Council of Kahnawà:ke would like to inform the community that the Minimax Recycling Collection Truck is currently off the road until further notice due to a cracked radiator.

Please roll your recycle bins back in from the curb and only place clear bags of recycling curbside until further notice, as the old-school truck and trailer will once again be pressed into service for the interim.

The Minimax Truck could be back on the road this Wednesday or Thursday, depending on the availability of parts.

Waste Management once again apologizes for the inconvenience and thanks you for your patience. For more information regarding what is recyclable, please contact the Waste Management Department at **450-632-4321**.
