Reminder – Cannabis Business opportunities Information Gathering Session tomorrow (Wednesday)

For Immediate Release

(Kahnawake – 5, Tsothóhrha/December 2017) The Mohawk Council of Kahnawà:ke wishes to remind persons who are considering opportunities in the licensed production and/or distribution of legal Cannabis that a special information gathering session is being held **tomorrow** (Wednesday, 6, Tsothóhrha/December 2017).

The information session will take place from **1 to 4 pm at the Legion Hall.**

“While no decision has been made on whether or not Kahnawà:ke will participate in the production or distribution of legal cannabis, it is important that we explore the possibilities on the horizon in light of Canada’s impending legalization of the product,” Ietsénhaienhs Rhonda Kirby, who holds the Cannabis file along with Ietsénhaienhs Gina Deer, said earlier. “We are quite aware that a number of people are interested in getting involved in the industry, so we felt it was best to meet to discuss the possibilities, and the challenges that we would face should the community agree to pursue this direction.”

The meeting has been called specifically for those considering participating in the industry to express their views and to share information. With the imminent legalization of Cannabis in Canada, the MCK feels it is best to be prepared to explore the opportunities that may arise in the near future.
