

IS YOUR CHILD PREPARED

from

BABY SITTING?

"Bee" Prepared

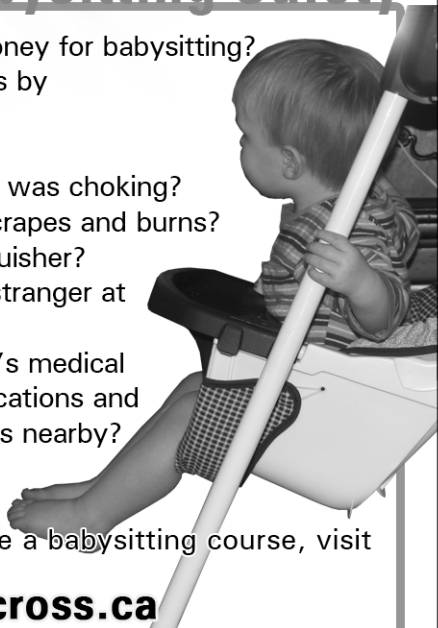

Babysitting Safety

Thinking about earning extra money for babysitting? Show your clients you're serious by **being prepared.**

- What would you do if a baby was choking?
- Do you know how to treat scrapes and burns?
- How do you use a fire extinguisher?
- How would you deal with a stranger at the door?
- Do you know about the child's medical history and have proper medications and emergency telephone numbers nearby?
