

IS YOUR FAMILY PREPARED

for  SUMMER

'Bee" Prepared

Barbeque Safety

Do: be sure your grill is in open-air, at least 3 feet from any structure and have a fire extinguisher nearby.

Don't: wear loose fitting clothing, squirt starter fluid onto an open flame or consume alcoholic beverages while grilling...they are all flammable.

Do: keep your grill clean & grease free.

In case of fire: Turn off burners and tank valve, if they can be safely reached, and close the lid. Remember, **never use water on a grease fire.**

Play it safe this summer.

Visit kahnawake.com/beprepared for more information.

The Mohawk Council of Kahnawà:ke will be closed for **Mohawk Day** on **Monday, June 23, 2008**. Essential services will remain operational.

PREPARE FOR THE UNEXPECTED.
