Management's Responsibility

To the Community Members and Chief and Council of Mohawk Council of Kahnawà:ke:

The accompanying consolidated financial statements of Mohawk Council of Kahnawà:ke are the responsibility of management and have been approved by Chief and Council.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

Council is responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. Council fulfils these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. Council is also responsible for recommending the appointment of Mohawk Council of Kahnawà:ke's external auditors.

MNP SENCRL, srl is appointed by Chief and Council to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both Council and management to discuss their audit findings.

Independent Auditors' Report

To the Community Members and Chief and Council of Mohawk Council of Kahnawà:ke:

We have audited the accompanying consolidated financial statements of Mohawk Council of Kahnawà:ke, which comprise the consolidated statement of financial position as at 2017, and the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Mohawk Council of Kahnawà:ke as at March 31, 2017 and the results of its operations, change in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Mohawk Council of Kahnawà:ke

Notes to the Consolidated Financial Statements

For the year ended March 31, 2017

1. Operations

Mohawk Council of Kahnawà:ke ("MCK") is located in the province of Quebec and provides various services to its community members. Mohawk Council of Kahnawà:ke includes the government and all related entities which form part of the Government Reporting Unit.

2. Significant accounting policies

These consolidated financial statements are the representations of management, prepared in accordance with Canadian public sector accounting standards and include the following significant accounting policies:

Reporting entity

The financial statements consolidate the financial activities of all entities and departments comprising the Mohawk Council of Kahnawà:ke government reporting entity. Trusts administered on behalf of third parties by Mohawk Council of Kahnawà:ke are excluded from the reporting entity.

MCK has consolidated the assets, liabilities, revenue and expenses of the following entities:

- Mohawk Council of Kahnawà:ke
- Kahnawà:ke Shakotiiia'Takehnhas Community Services
- Tawatohnhisaktha
- Kahnawà:ke Education Center
- Kanien'kehaka Onkwawen:na Raotitiohkwa
- Kahnawà:ke Fire Brigade
- Mohawk Council of Kahnawà:ke Multi-Dwelling Project
- Kahnawà:ke Service Complex

All inter-entity balances have been eliminated on consolidation; however, transactions between departments have not been eliminated in order to present the results of operations for each specific department.

Basis of presentation

Sources of revenue and expenses are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable; expenses are recognized as they are incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or finance future operations. Non-financial assets are acquired, constructed or developed assets that do not normally provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale in the normal course of operations. Non-financial assets include tangible capital assets, prepaid expenses and deferred costs.

Net financial assets

MCK's consolidated financial statements are presented so as to highlight net financial assets as the measurement of financial position. The net financial assets of MCK are determined by its financial assets less its liabilities. Net financial assets are comprised of two components, non-financial assets and accumulated surplus.

2. **Significant accounting policies** *(Continued from previous page)*

Segments

MCK conducts its business through eight reportable segments. These operating segments are established by senior management to facilitate the achievement of MCK's long-term objectives to aid in resource allocation decisions and to assess operational performance.

For each reported segment, revenue and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in the *Significant accounting policies*.

Foreign currency translation

Transaction amounts denominated in foreign currencies are translated into their Canadian dollar equivalents at exchange rates prevailing at the transaction dates. Carrying values of monetary assets and liabilities reflect the exchange rates at the statement of financial position date. Translation gains and losses are included in current year surplus.

Cash and cash equivalents

Cash and cash equivalent include balances with banks and short-term investments with maturities of three months or less from the date of acquisition. Cash subject to restrictions that prevent its use for current purposes is included in restricted cash.

Temporary investments

Temporary investments are valued at the lower of cost and market value.

Loans receivable

Loans are recorded at principal amounts, less any allowance for anticipated losses, plus accrued interest. Interest revenue is recorded on the accrual basis.

Allowance for loan impairment

MCK maintains an allowance for loan impairment that reduces the carrying value of loans to their estimated realizable amount. The allowance is increased by a charge for loan impairment which is charged to income and reduced by write-offs, net of recoveries.

A specific allowance is established on an individual loan basis to reduce the carrying values to estimated realizable amounts. Estimated realizable values are determined by discounting the expected future cash flows at the effective interest rate inherent in the loans. When the amount and timing of future cash flows cannot be reliably established, estimated realizable values are determined by reference to market prices for the loans of their underlying security value.

In addition, a general allowance may be established where, in management's opinion, it is required to absorb losses inherent in the loan portfolio, for which a specific allowance cannot yet be determined. A general provision is established when doubt exists within groups of loans but is not sufficient to allow identification of individually doubtful loans. Provision for loss is estimated based on historical credit loss experience, known portfolio risks and current economic conditions and trends.

Loan guarantees

MCK records a provision for losses on loan guarantees when it determines that a loss is likely.

The provision is determined based on the current circumstances of the individual borrowers; based on historical experience; based on current economic conditions facing the individual borrower; and is reviewed on an ongoing basis as new events occur, as more experience is acquired, or as additional information is obtained. Any changes in the provision is charged or credited to expenses. A provision for loss on a loan guarantee is removed from the statement of financial position when the guaranteed loan has been discharged or the term of the loan guarantee has expired.

2. **Significant accounting policies** (Continued from previous page)

Amortization

Tangible capital assets are amortized annually using the following methods at rates intended to amortize the cost of the assets over their estimated useful lives:

	<i>Methods</i>	<i>Rates and periods</i>
Land improvements	straight-line	5 years
Buildings	declining balance	4%
Social housing	declining balance	4%
Water treatment plant	declining balance	4%
Sports Complex	declining balance	4%
Roads and infrastructure	declining balance	5%
School buses	straight-line	10 years
Fire trucks	straight-line	5%
Vehicles	straight-line	5 years
Computer hardware and software	straight-line	3 years
Equipment	straight-line	5 years
Furniture and fixtures	straight-line	5 years

Capital lease obligations

A lease that transfers substantially all of the benefits and risks of ownership is classified as a capital lease. At the inception of a capital lease, an asset and a payment obligation is recorded at the present value of the minimum lease payments. Assets under capital leases are amortized on the straight-line basis, over their estimated useful lives. All other leases are accounted for as operating leases and rental payments are expensed as incurred.

Long term financing received to fund tangible capital asset purchases is recognized in the period the financing is acquired and recorded as an increase in long-term debt. Repayments of long term financing are recognized as a decrease in long-term debt.

Long-lived assets

Long lived assets consist of tangible capital assets. Long lived assets held for use are measured and amortized as described in the applicable accounting policies.

MCK performs impairment testing on long lived assets held for use whenever events or changes in circumstances indicate that the carrying amount of an asset, or group of assets, may not be recoverable. The carrying amount of a long lived asset is not recoverable if the carrying amount exceeds the sum of the undiscounted future cash flows from its use and disposal. Impairment is measured as the amount by which the asset's carrying amount exceeds its fair value. Fair value is measured using discounted future cash flows. Any impairment is included in surplus for the year.

Measurement uncertainty

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenue and expenses during the reporting period.

Accounts receivable are stated after evaluation as to their collectability and an appropriate allowance for doubtful accounts is provided where considered necessary. Loans are stated after allowances for forgiveness (where applicable) and provisions for uncollectible amounts. Amortization is based on the estimated useful lives of tangible capital assets. Other significant areas of estimation include the actuarial estimates used in determining the funding deficit of the pension plan. These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in surplus in the year in which they become known.

2. **Significant accounting policies** *(Continued from previous page)*

Revenue recognition

Government Transfers

MCK recognizes a government transfer as revenue when the transfer is authorized and all eligibility criteria, if any, have been met. A government transfer with stipulations giving rise to an obligation that meets the definition of a liability is recognized as a liability. In such circumstances, MCK recognizes revenue as the liability is settled. Transfers of non-depreciable assets are recognized in revenue when received or receivable.

Externally restricted revenue

MCK recognizes externally restricted inflows as revenue in the period the resources are used for the purpose specified in accordance with an agreement or legislation. Until this time, MCK records externally restricted inflows in deferred revenue.

Funds held in Ottawa Trust Fund

Revenue related to the receipt of funds held in the Ottawa Trust Fund is recognized when it is received.

Investment Income

Interest is recognized on the accrual basis as it is earned. Dividends are recognized when declared.

Rental Income

Rental income is recognized on a straight line basis over the term of the lease.

Other Income

Revenue is recognized when a price is agreed and all significant contractual obligations have been satisfied, and collectibility is reasonably assured. Management assesses the business environment, customers' financial condition, historical experience, accounts receivable aging and customer disputes to determine whether collectability is reasonably assured. If collectibility is not considered reasonably assured at the time of sale, MCK does not recognize revenue until collection occurs.

Employee future benefits

MCK's employee future benefit programs consist of a defined benefit plan.

The estimated future cost of providing defined benefit pension is actuarially determined using the projected benefits method pro-rated on service, as future salary levels affect the amount of employee future benefits. The attribution period for such cost begins one year after the date of hire of the employee to the date the employee becomes fully eligible to receive the benefits. MCK determines its discount rates by reference to its plan asset earnings.

The expected return on plan assets is determined by applying the assumed rate of return on plan assets to the average market-related value of assets for the period. Actuarial gains and losses are amortized on a straight-line basis over the average remaining service life of the related employee group. Prior period employee service costs resulting from plan amendments are expensed in the period of the plan amendment.

Contributions to the plan are expensed as incurred.

Funds held in Ottawa Trust Fund

Funds held in trust on behalf of MCK by the Government of Canada in the Ottawa Trust Fund are reported on the statement of financial position with an offsetting amount in accumulated surplus. Trust moneys consist of:

- Capital trust moneys derived from non-renewable resource transactions on the sale of land or other tangible capital assets; and
- Revenue trust moneys generated primarily through land leasing transactions or interest earned on deposits held in trust.

Ottawa trust funds	11,048	11,086
Externally restricted	694,965	278,020
	37,723,494	16,888,045

Externally restricted cash relates to funds provided for the Business Contribution Fund and is restricted to the operations of the program and cannot be used for any other purpose.

Internally restricted funds have been set aside and designated by Chief and Council and the boards of directors of the various organizations for specific purposes. These funds cannot be used for any other purposes without the prior approval of Chief and Council or the board of directors of the organization which initially restricted those funds.

4. Term deposits

Term deposits consist of various Canadian dollar term deposits which are interest bearing at rates ranging from 0.25% to 1.25% annually, and have maturity dates ranging from September 2017 to December 2019. The market value of the term deposits at March 31, 2017 approximates their carrying amount. Term deposits have been restricted as described in note 20.

5. Accounts receivable

	6,584,570	7,682,465

The accounts receivable balance is net of an allowance for uncollectible amounts of \$3,183,393 (2016 - \$3,055,810).

Mohawk Council of Kahnawà:ke
Notes to the Consolidated Financial Statements
For the year ended March 31, 2017

6. Short-term loan receivable (payable)

Mohawk Council of Kahnawà:ke (MCK) agreed to act as the signatory for the Capital Contribution Agreement signed on March 28, 2012 for the capital expansion of the Kateri Memorial Hospital Center (KMHC). A memorandum of understanding was signed whereby MCK transferred administrative and legal liability for the project to KMHC. However, MCK would, under the terms of funding provided to the Ministère de la Santé et des Services Sociaux (MSSS), continue in the capacity as the project manager. The total funding to be provided by the MSSS amounts to \$21,056,000. As part of this project, a short rate term loan agreement was signed between Financement-Québec, Mohawk Council of Kahnawà:ke and MSSS for the purpose of financing the construction costs of the hospital expansion.

As at March 31, 2017, total funding provided directly to KMHC by MSSS with respect to the project amounted to \$20,820,000. Therefore, this amount has been recorded as a loan receivable from KMHC.

Under the terms of the short rate term loan agreement, MCK has been identified as the borrower. Therefore, at March 31, 2017, \$20,820,000 has been recognized as a liability due to Financement-Québec.

As MCK is the guarantor and the loan receivable and payable are with different counter-parties, both an asset and a liability have been recorded for this amount.

7. Investment in loans

Investment in loans consist of the following:

	<i>Principal</i>	<i>Provisions and allowances</i>	2017 Net recoverable value	<i>2016 Net recoverable value</i>
Loan receivable - Onkwawista, unsecured, non-interest bearing, with no specific terms of repayment	-	-	-	14,559,888
Loans receivable - Business Loan Fund	564,855	-	564,855	670,854
Loans receivable - Youth Business Fund	35,230	-	35,230	46,710
Loans receivable - Employees, non-interest bearing with no fixed terms of repayment	1,970	-	1,970	5,383
	602,055	-	602,055	15,282,835

The loan receivable from Onkwawista of \$14,559,888 was fully collected during the year as described in note 9.

The primary purpose of the Business Loan Fund (BLF) and the Youth Business Fund (YBF) loans are to help the youth and community of Kahnawà:ke to establish viable businesses. The general terms and conditions differ from conventional loan agreements. Amortization periods range from one to fifteen years depending on the size of the loan. Interest is charged at annual fixed rates ranging from 6.25% to 7% (YBF) and prime plus 4% (BLF) compounded monthly. In addition, Youth Business Fund borrowers have the option of paying interest only during the first year of the loan and the fund will forgive 25% of the loan once 75% of the loan is reimbursed and the borrower has met all the terms of the loan agreement.

Recovery of youth loans is dependent upon the success of the related borrowers' businesses as the youth loans require no equity or personal guarantees.

8. Portfolio investment

MCK had signed a commitment to invest an aggregate sum of \$50,000 in the REIF First Nations L.P. project in a prior year. As there has been no activity for many years, the fund sponsor closed the fund and refunded \$12,134 of the initial investment.

Tewatohnhi'saktha has a management contract with Mohawk Internet Technologies ("MIT"), a band empowered entity, which has an exclusivity operating agreement with a third party. Under the terms of the management contract, Tewatohnhi'saktha is responsible for the day to day operations and management of MIT. However, based on the terms of the third party agreement, it does not exercise effective control over MIT's assets, liabilities and surplus without the cooperation and approval of the third party. As such, the assets, liabilities and results of the operations of MIT are not included in these financial statements.

An adjustment to earnings of 144,881, resulting from the change in the estimated net earnings for the three month stub period from January 1, 2017 to March 31, 2017 has been recorded in the financial statement of Mohawk Online Limited.

An adjustment to earnings of \$484,679, resulting from the estimated income earned for the period from April 1, 2016 to August 31, 2016, prior to Onkwawista being designated as a Government Business Entity has been recorded in the financial statements of Onkwawista Holdings Limited.

These adjustments have been recorded in order to arrive at the amount included in the consolidated financial statements.

One of the First Nation's investees has a different year-end than March 31, 2017. The First Nation uses the investee's year-end financial statements to account for its investment in this investee.

<i>Name of investee</i>	<i>Year-end</i>	<i>Significant events and transactions</i>
Mohawk Online Limited	December 31, 2016	Net revenues and expenses during the period from January 1, 2017 to March 31, 2017.

On August 1, 2016, Onkwawista Holdings Limited ("OHL") sold its 40% investment in Continent 8 PLC ("C8"). The agreed upon amount was \$35,000,000 USD.

As a result of this transaction, management has determined that it has re-acquired control of OHL. As such, the investment is accounted for as a Government Business Entity, and the organization records its share of the earnings as of this date using the modified equity method.

Prior to this date, management had determined that they did not exercise effective control of OHL, and as such the investment had been recorded at its initial cost of \$50. Distributions from OHL were recorded as dividends in the period they were received or receivable. Any future distributions from OHL will first be treated as dividends to the extent of the reacquired equity of OHL as of August 1, 2016 with the excess being accounted for as a reduction of the investment in OHL.

10. Mortgage loans receivable and housing initiative loans

Mortgage loans receivable represent funds advanced for the construction of homes for community residents and are secured by the related properties. Initial terms of these mortgages vary, up to a maximum term of approximately thirty years. These mortgages are repayable in monthly instalments and bear interest at 6% per annum.

Housing initiative loans receivable are unsecured loans which are repayable in monthly principal and interest instalments and bear interest at 6% per annum. The loans are generally granted with terms of approximately five years.

11. Revolving line of credit

MCK has access to various unsecured credit facilities amounting to \$3,220,000 (2016 - \$720,000) of which \$344,786 is utilized as of March 31, 2017 (2016 - Nil). These facilities are renewable on an annual basis. Borrowings under these facilities bear interest at rates ranging from prime to prime plus 3% per annum.

As at March 31, 2017, the aggregate outstanding indebtedness amounted to \$344,786. Of this total, \$89,450 is repayable in November 2017 and \$57,300 in December 2017. The remaining balance of \$198,036 was converted into a term loan as described in note 15.

17. Contingencies

- (a) MCK has entered into contribution agreements with various government departments. Funding received under these contribution agreements is subject to repayment if the organization fails to comply with the terms and conditions of the agreements.
- (b) Mohawk Council of Kahnawà:ke has been named as a defendant in several lawsuits as part of its ongoing operations. Details of the most significant cases are as follows:
 - i) A motion for a permanent injunction and damages was received on June 11, 2015. The action stems primarily from the alleged trespassing on the plaintiff's property by the defendants, the clearing of approximately 500 maple trees, and the unauthorized dumping and spreading of contaminated soil on the property. The plaintiff is seeking damages of \$1,456,365, extra judicial costs in the amount of \$125,000, and expertise expenses in the amount of \$37,362. The file was to be completed and filed with the Court by December 2016. MCK filed a contestation in this matter in November 2015. Council is unable to accurately estimate the outcome of the action at this time.
 - ii) Various other legal matters are pending or are before the courts or other regulatory bodies. Damages in certain cases have either not been filed as yet or are not requested or cannot be awarded. Council is unable to accurately estimate the outcome of these actions. No provision has been recorded in the accounts. Any settlement resulting from these claims will be recorded as an expense in the year in which the settlement occurs.
- (c) Mohawk Council of Kahnawà:ke guarantees loans made to Kahnawà:ke residents by Canada Mortgage and Housing Corporation for renovations. As at March 31, 2017, such loans are not significant. MCK acted as co-signer on loans to residents from various lending institutions for an aggregate amount of \$10,361,128 (2016 - \$9,996,695) for purchases of houses. In addition, MCK guarantees loans from a financial institution to residents as part of the On-reserve Loan Guarantee program in the amount of \$98,851 (2016 - \$243,263).
- (d) Mohawk Council of Kahnawà:ke has incurred certain financial obligations with respect to the research, development and negotiation of its specific claim relating to the Seigneurie of Sault St. Louis Claim. INAC has provided MCK with an interim loan to assist them in meeting these obligations. As at March 31, 2017, the outstanding loan is \$4,560,428. The advance is secured by a promissory note which is payable on the earlier of March 31, 2021 or the date on which the claim is settled.
- (e) Through the Business Loan Fund, Mohawk Council of Kahnawà:ke has guaranteed the Caisse Populaire Kahnawà:ke for a portion of the approved bank borrowings to a maximum of \$176,929 (2016 - \$184,000) for native entrepreneurs under the loan guarantee program. As at March 31, 2017, the total guaranteed indebtedness amounted to \$169,047 (2016 - \$134,708).
- (f) Through Kahnawà:ke Sustainable Energies ("KSE"), Mohawk Council of Kahnawà:ke has entered into an agreement with a service provider to pay \$2,976,000 for specific services (of which \$1,056,000 had been paid prior to the year-end). The payments are based on achieving certain milestones and providing specific services. In addition, there is a further commitment to pay a break-up fee of \$500,000 to the service provider in the event that certain specific circumstances occur. KSE has also entered into an agreement with another contractor/supplier for a commitment to pay \$35,453,379 to construct a wind-farm facility. The commitment is conditional upon signature of a purchase contract which is presently subject to negotiation and other approvals. Finally, KSE has also entered into agreements with a distributor of wind energy which calls for \$500,000 to secure a commitment to cover initial work performed by the distributor; \$480,000 to secure a commitment to begin delivery of contractual energy as well as \$190,000 to secure commitment to cover connection costs with the distributor electricity network. KSE has provided letters of credit aggregating \$1,670,000 to secure the various provisions of these contracts.
- (g) Through the Business Loan Fund, MCK has guaranteed the Caisse Populaire Kahnawake for a portion of the approved bank borrowings to a maximum of \$176,929 for native entrepreneurs under the loan guarantee program. As at March 31, 2017, the total guaranteed indebtedness amounted to \$169,047.

18. Tangible capital assets

The tangible capital assets reconciliation is included in Schedule 1.

Tangible capital assets include assets under capital lease with a gross cost of \$1,064,491 (2016 - \$805,571), and accumulated amortization of 588,233 (2016 - \$496,284).

19. Development costs

Development costs relate to payments made on a wind energy project representing specific project milestones and costs directly attributable to the project.

20. Accumulated Surplus

The accumulated surplus is comprised of the following:

	2017	2016
Tangible Capital Assets	82,058,756	81,069,794
Ottawa Trust Funds	11,048	11,086
Externally Restricted	5,805,038	5,807,581
Appropriated Reserves	100,146,096	69,855,748
Unappropriated	1,105,389	994,343
	189,126,327	157,738,552

21. Replacement reserve

Under agreements with Canada Mortgage and Housing Corporation (CMHC), MCK established:

Replacement reserve, funded by an annual allocation of \$32,000 to ensure replacement of buildings financed by CMHC. At March 31, 2017, \$64,000 has been set aside to fully fund this reserve.

In accordance with terms of the agreements, CMHC reserve moneys must be held or invested only in accounts or instruments guaranteed by the Canada Deposit Insurance Corporation, or as otherwise approved by CMHC. Reserve withdrawals are credited first to interest and then to principal.

22. Defined benefit pension plan

Mohawk Council of Kahnawà:ke maintains a defined benefit pension plan covering the employees of Mohawk Council of Kahnawà:ke and other band empowered entities. According to the most recent actuarial valuation of the Plan dated March 31, 2017, the Plan had a funding surplus of approximately \$60,000,000 (2016 - \$49,000,000) on a going concern basis and a funding excess of approximately of \$3,000,000 (2016 - deficit \$15,000,000). The Pension Benefits Standards Act requires that Council fund the benefits determined under the Plan. The determination of the value of these benefits was made on the basis of an actuarial valuation on March 31, 2017.

Other accounts receivable includes an amount of \$874,458 (2016 - \$716,577), net of a provision of \$874,458 (2016 - \$716,577) due from Pension Plan for the employees of Mohawk Council of Kahnawake. This comprises administrative expenses paid by Mohawk Council of Kahnawà:ke on behalf of the Plan for current and prior years. Expenses for the current year are \$157,881 (2016 - \$163,443) and these amounts are charged at cost.

22. Defined benefit pension plan *(Continued from previous page)*

Pension plan contingency

Based on an actuarial report as at March 31, 2017, the actuary has provided the following information:

The amended Pension Benefits Standards Regulations, 1985 which became effective on July 1, 2011, has a transition rule allowing the Plan to use the solvency ratio at the valuation date as being the solvency ratio as at March 31, 2009 in order to determine the average solvency ratio over the last three Plan year ends. The minimum special payments required to be made by the employer to the Plan, over and above its required contributions with respect to current service cost, are as follows:

- i) The plan sponsor is required to pay approximately \$115,000 at the end of each month for a period of five years to amortize the adjusted solvency deficiency of approximately \$7,000,000 (2016 - \$10,000,000) existing on this valuation date;
- ii) Commencing on June 15, 2011, 5% of all transfer values paid to terminated members electing to transfer out of the Plan, the commuted value of their pension benefit credits in accordance with the portability provisions of the Plan, excluding terminated members with certain transfer values.

The above schedule of employer solvency special payments must be maintained until the next actuarial valuation report is filed with the Office of the Superintendent of Financial Institutions, Canada, which requires that the next actuarial valuation report must be effective as at March 31, 2017 and must be filed by September 30, 2017.

Under the Pension Benefits Standards Act, a Plan sponsor is permitted to use a letter of credit to reduce any solvency special payments otherwise required to be paid under the Act. In this regard, on July, 2015, the Plan sponsor entered into a letter of credit trust agreement with Bank of Montreal, whereby the Bank of Montreal provided the sponsor with letters of guarantee. Letters of credit outstanding at March 31, 2017 totalled \$11,293,436 (2016 - \$11,293,436) and expire on September 30, 2017.

23. Government transfers
