Job Title:	Environmental Projects Coordinator
Division:	Operations and Community Planning, Environment Protection Unit
Reports To:	Manager of Field Science
Name of Incumbent:	TBD
<p>Purpose: Responsible for carrying out projects within Kahnawà:ke and Tioweró:ton that help the community to better understand, protect and restore the natural environment in our territories. This includes assisting with the design of projects, contributing to the preparation of funding proposals, oversight of consultant work, managing project budgets and schedules, consulting and collaborating with community members, and sharing project results with the community. The position also provides environmental expertise as needed.</p>	
<p>Cultural Identity Attributes: The individual is well-spoken and comfortable communicating with individuals and groups in a variety of situations. They have strong technical and project management skills coupled with an ability to work independently. Creative problem solving, and prioritization skills ensure that the projects are effectively managed and address the wide array of environmental issues within the community.</p>	
<p>Roles & Responsibilities:</p>	
<p>To coordinate environmental projects and programs in the community.</p> <ul style="list-style-type: none"> • Participates in the identification of environmental project needs within Kahnawà:ke and Tioweró:ton including in the areas of surface water, groundwater, terrestrial habitats, wildlife, contaminated sites, invasive species and other issues of importance in the community; • Coordinates environmental projects and programs and ensures that the goals and objectives are being actively pursued and met; • Develops terms of reference and requests for proposals, and participates in the consultant selection process; • Works with MCK administrative units for contractual and budgetary purposes; • Maintains organized project files and manages project budgets and schedules; • Participates in project activities including fieldwork, presentations and communications; • Acts as a liaison between the project staff, community members, consultants, field technicians, MCK, media, and other stakeholders; • Promotes projects and actively seeks input from community members through media, open houses, kiosks, interviews and surveys.
