RE: Employer Subsidy for hiring an MSI claimant

Mohawk Self Insurance has developed a new program to assist both employers and claimants of MSI.

PURPOSE

The main purpose of this program, is to re-integrate an employee who has suffered a work related injury, but cannot return to his/her original occupation. It assists in re-establishing his/her employability into the work force, it assists an employer to fill positions within their organization, it re-establishes employee self-esteem and productivity.

EXAMPLE

John Doe is an ironworker who was injured and can no longer climb the iron. He will be re-trained by Mohawk Self Insurance and its experts into a new occupation. Because he can no longer perform ironworker does not mean that he cannot perform other occupations.

Please read over the program criteria, and give us a call at MSI, we will gladly meet with your business to answer any questions you may have.

Working together we can make this a success
