131	More Stores or options I feel as though this should be a regulated market however not limited to single digit license numbers. This creates unnecessary competition and introduces the potential for favouritism. It should be made clear as well where dispensaries can source their product from, does it have to be solely from Kahnawake or can it be a production site outside of province or country.	8/3/2020 12:05 PM

145	Community Owned Profits from this industry should directly benefit the community and all the figures should be completely transparent to avoid any discrepancies	7/31/2020 2:25 PM
146	Community Owned LAND The dispensaries should be Only in the highway 132/138 and should only be owned by community no individual permits. community money for diabetes center like akwesansé. community center with indoor lacrosse and soccer Plex pool library theater. All funds support this initiative.	7/30/2020 7:01 PM
147	#6 OPTION to SELL I'd like to see oils of topicals rubs for pain management available for people in the community.	7/30/2020 6:18 PM
148	#6 OPTION to SELL LAND More Stores or options I think stores should be allowed to sell cannabis, cannabis based products and products required to consume cannabis (pipes, papers, etc.). I don't think any cultivation, processing or retail of cannabis should be allowed within the village or residential areas as that could bring non-locals into those areas. There are plenty of options along the newly added Highway 30 lands or along the Seaway that could be used. Common land should only be made available for this industry if it can't be used for residential purposes. We need land allotments more than we need the cannabis industry.	7/30/2020 3:53 PM
149	#6 OPTION to SELL LAND Sunday closures? It's 2020 weekends can be the busiest days of the week. The SQDC is opened Sundays. Village area should be off limits for sale of cannabis but consideration should be made for areas on the outer reaches of the village (like the OCR, 207). For Question 6, cannabis infused edibles such as candies should be allowed for sale.	7/30/2020 2:31 PM
150	LAND Use designated Commercial Lands on Hwy 132. With the Hydro towers being dismantled in the near future its a perfect location. Now is the time to revise the Commercial Land Use Policy. The policy has not been a priority for Chief and Council for this current term - needs to come back to the forefront. One dispensary is enough. Make it a community co-op.	7/30/2020 1:36 PM
151	AGAINST Kwe. I am 100% against the production and sale of cannabis products on KAhnawake Mohawk Territory. Why is it that the MCK chooses to economic development strategies that are sketchy at best. We spend so much money to educate our children and community about drug addiction as well as support community members who have been compromised as a result of drug use. So why take this route. Let us set an example to the whole community and choose to trash this initiative. Let's seek other avenues of economic development ...such as hydroponic food production, for example. Make this community proud!!	7/30/2020 11:38 AM
152	I do not agree with recreational pot but do agree with medicinal purposes and only filled this out because there is no other option to have that expressed	7/30/2020 10:39 AM
153	AGAINST CAUTION Community Owned Unfortunately, our community has so lost our ways to the almighty dollar. It breaks my heart as a mother to see that along with sale of tobacco, the sale of alcohol, the so called "trial" for gambling and now this-growing and distribution of cannabis will become part of the fabric of our community. I used to be so proud of our community and what we stood for and against. There are other ways to generate business in a healthy manner and that goes hand in hand with our values and who we stand. It is no wonder that many are seemingly apathetic to community matters, because it doesn't seem to matter in the end so why bother? Trying to raise my family in this community is already hard enough with the loss of culture and language and will be made just that much harder. I guess all I can say is learn from the ABC Board, ensure the law has bite and can and will be enforced even if it has to go to the outside courts. This is our community and our people and we are to decide on what happens here -this I will stand with. Since this is a go, I	7/30/2020 10:31 AM

would expect that this business gives back in money to our community to help protect our youth and community and further the fight against addictions.

154	More Stores or options There shouldn't be an unlimited number of permits for dispensaries, but there needs to be more than just 5.	7/30/2020 10:25 AM
155	There is a big market for edibles and it should not be excluded for sales in the dispensary	7/30/2020 10:23 AM
156	Since cigarette stores do not have a tax as is being implemented with cannabis sales ("mandatory community contributions"), ensure small enterprises are proportionately charged for their licenses so there is fair competition.	7/30/2020 9:02 AM
157	#6 OPTION to SELL Edibles, oils, and paraphenalia should also be sold in these dispensaries.	7/30/2020 8:55 AM
158	AGAINST I am not comfortable with Kahnawake bringing cannabis to our town. We have enough problems with alcohol and this will only add to the growing list of addictions. There should have been a question on this survey that asks if you agree with this, yes or no, and if the answer is no that would be the end of the survey. Everyone's input should be acknowledged.	7/30/2020 8:46 AM
159	Community Owned I thought the cannabis dispensaries were going to be run like the SQDC and the MCK were going to have control.	7/30/2020 8:22 AM
160	What are the jobs associated with cannabis production?	7/30/2020 7:51 AM
161	If there is going to be sales within Kahnawake consumers must be over the age of 30.	7/30/2020 7:48 AM
162	#6 OPTION to SELL More Stores or options Question# 6 All Health Canada regulated products should be allowed for sale in a dispensary regardless of what the province of Quebec allows. Question #3 five (5) dispensaries are very restrictive. Almost every retail commercial store/center on the major roads (132,138, 207, OCR) will be interested a dispensary.	7/29/2020 10:50 PM
