Discussions/Updates:

- Carl Horn updated the table on the issue of a telecommunications tower that had been erected on the property used by the Kahnawake Marina. He reported that there were problems in regard to the consultation process and that the project has been put on hold.
- Rhonda Kirby informed the table regarding the progress of the proposed Residency Law. Surveys will take place to gauge the community's opinions on the matter in preparation for the proposed law entering the Community Decision Making Process (please note that this has not yet happened – an announcement from the Kahnawà:ke Legislative Coordinating Commission is forthcoming in the New Year).
- Martin Leborgne provided an update on a meeting with an Akwesasne contractor regarding potential housing initiatives.
- Billy Diabo reported on the meeting with representatives of the Mohawk Trail Longhouse that he and Christine Zachary-Deom attended. Development/Improvement of protocols was discussed, in order to have better working relationships between community organizations. According to Ratsénhaienhs Diabo, it was a very productive meeting, with agreement that there is a need for improved methods of gaining community consensus in regard to situations that may demand to be addressed immediately.

Note: The meeting was adjourned at 11:48am
