PUBLIC SERVICE ANNOUNCEMENT

Tioweró:ton Falls Area swimming suspended due to elevated bacteria levels

(Kahnawake – 6, Kenténha/October 2023)

The Lands Unit of the Mohawk Council of Kahnawà:ke would like to advise the community that the swimming areas in Tioweró:ton at the Falls (Top and Bottom) are closed due to elevated bacteria levels.

Recent water sampling by technicians from Environmental Health Services (EHS) of Kahnawà:ke Shakotii'a'takehnhas Community Services has revealed an unacceptable increase in bacteria and recommends staying out of the water, in the Falls area only, until levels return to what is considered adequate for swimming and recreation.

The community will be kept up to date on further developments.

For more information, please contact Environmental Health Services at **450-635-9945**.
