## Recycling pick-up to begin bi-weekly schedule starting January 2026

**(Kahnawake – 9 Tsothóhrha/December 2025)**

The Waste Management Department of the Mohawk Council of Kahnawà:ke would like to inform the community that, beginning **January 2026**, recycling collection for all residential areas will move to a **bi-weekly schedule** (every two weeks).

The bi-weekly recycling collection schedule can be found at [www.kahnawake.com/waste-management](http://www.kahnawake.com/waste-management).

This change is part of the Modernization Recycling Collection Initiative introduced by Eco-Entreprises and aims to be more cost-effective, fuel-efficient, and environmentally friendly.

Households that produce a higher amount of recyclables and require an additional blue bin, or those seeking more information about these changes, are encouraged to contact the Kahnawà:ke Waste Management Department at **450-632-4321**.

Please note that special collections and compost will remain a weekly collection.

Niawenhkó:wa/Thank you for your cooperation.
